

Flapping buzzard

Colouring guide

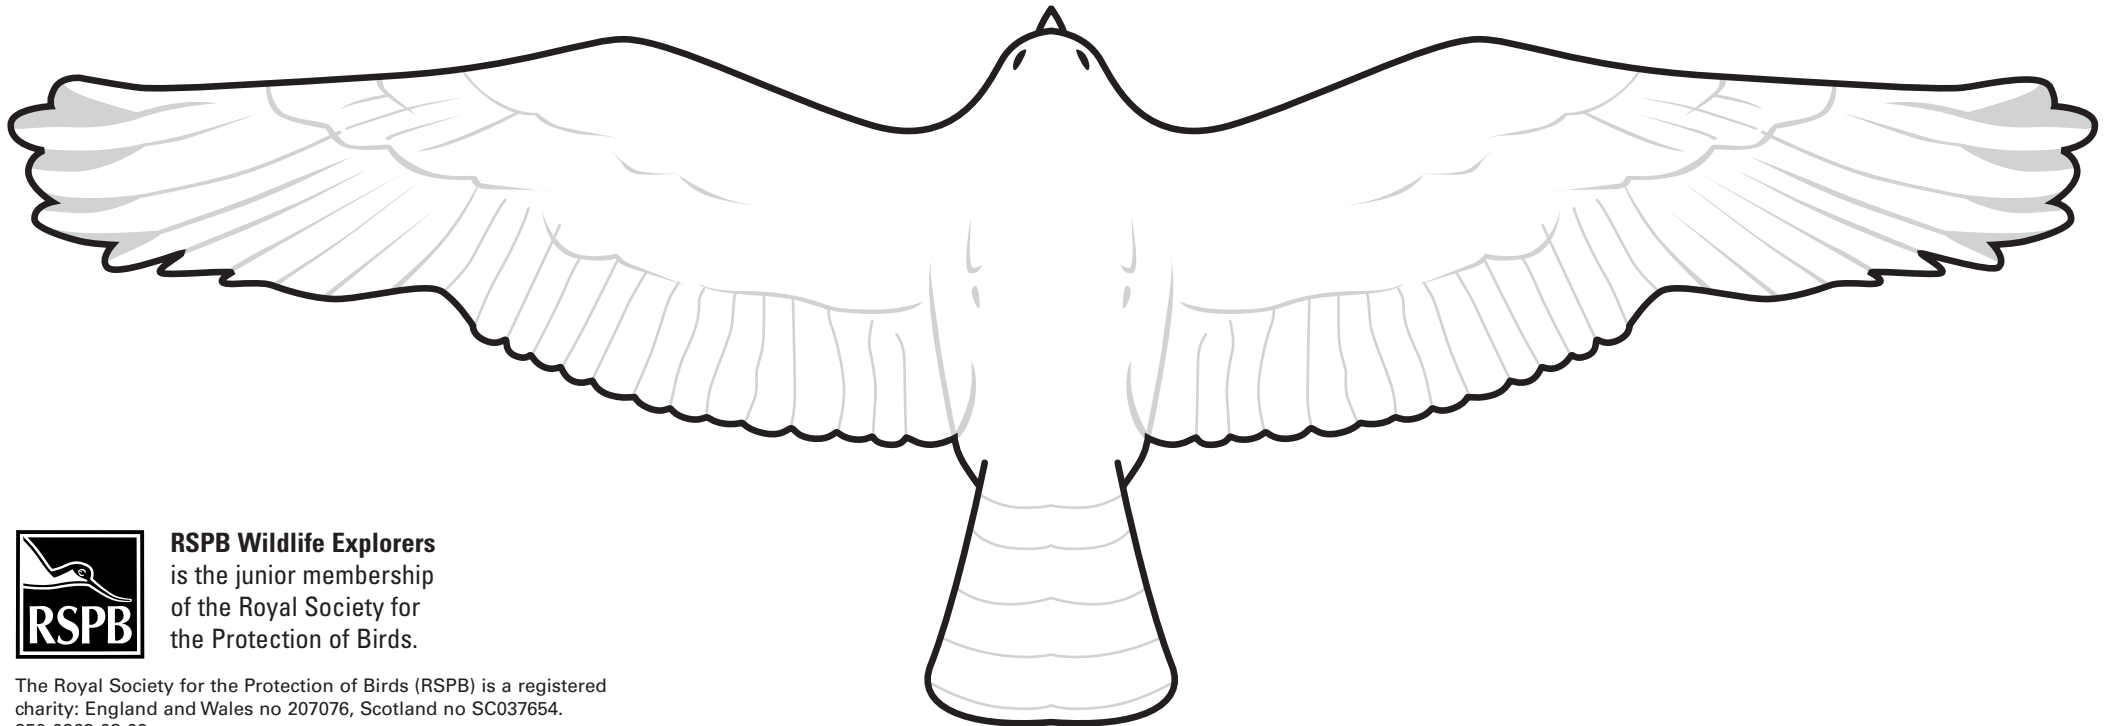

You will need:

- Brown and light brown colouring pens/pencils
- Scissors
- Sticky tape
- Straw

What to do:

- Buzzards are brown with light brown feathers, their tails are brown and light brown banded.
- Cut out the outline.
- Turn the buzzard over. Place the top of the straw at the base of the beak and tape into place. Tape over the straw at the base of the tail.
- Turn your buzzard over and, holding the end of the straw, flap up and down to see its long wings move.

RSPB Wildlife Explorers
is the junior membership
of the Royal Society for
the Protection of Birds.

Buzzards are the commonest bird of prey in the UK. Since the year 2000 they have nested in every county in the UK, so you're bound to see one near you!
You can spot them by their broad, rounded wings and their short neck and tail.
