Lydd Airport Action Group

Preserving ♦ Protecting ♦ Defending ♦ Romney Marsh

www.lyddairportaction.co.uk

The coalition of groups opposing expansion believes that, with jets taking off and landing regularly throughout the day, a massively expanded airport at Lydd will:

Significantly diminish the quality of life in Lydd, Dungeness, New Romney and the entire surrounding area.

Damage or destroy the area's unique wildlife and degrade the wider environment.

Threaten existing jobs and livelihoods.

Raise major safety issues due to the airport's proximity to the Dungeness nuclear power stations and the Ministry of Defence firing range.
