

**BUILD A BIRD**

# PERFECT PUFFIN!

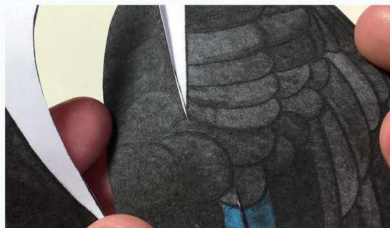

Collect all **six issues** of Wild Explorer this year and make this amazing model of a puffin!

**Wings**

**STEP-BY-STEP**

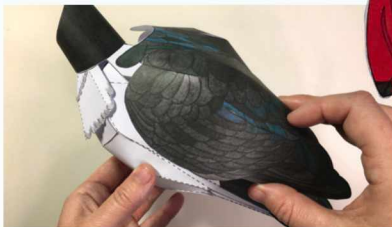

**1** Starting with the tabs in the bottom of the wings, cut up the solid black line, pinch the gaps together and secure by putting glue on the white tabs.

**2** Repeat for the small tabs on both shoulders.

**3** Repeat for the tabs either side of the neck.

**4** Put glue on the underside of the neck feathers and shoulders, position the wings squarely on the back of the body and glue them down.

**My wings are great for diving underwater.**
