

Barn owl flyer

Information for activity leader:

Photocopy this template onto card for the best effect.

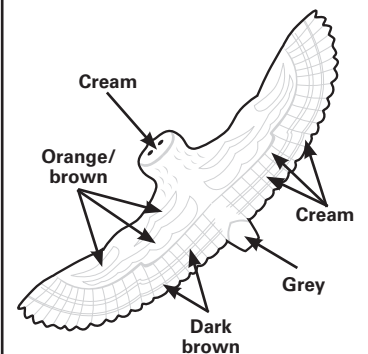

You will need:

- Scissors
- Paper clip

What to do:

- Cut out your barn owl outline and colour in.
- Fold the front edge of the wings downwards along the dotted line.
- Fold body into a shallow 'v' along dashed line.
- Put paper clip on the front and fly your barn owl. You may need to adjust the weight.

Colouring guide

RSPB Wildlife Explorers is the junior membership of the RSPB

The RSPB is a registered charity in England & Wales no. 207076, in Scotland no. SC037654 330-1032-13-14

Barn owls swallow their prey whole and then regurgitate bits they can't eat, like bones and hair. These bits turn into hard lumps called pellets.
