Make a rock pile

Are you boulder than your friends? Find the biggest stones and boulders you can and make a rock pile. It can make a great home and hiding place for everything from frogs and newts to bumper beetles.

You will need
- Rocks and stones of different sizes
- Spade
- Gloves

1. Dig a shallow hole where your rock pile will be.

2. Build up the rock pile, putting the biggest and heaviest stones down first. Be careful not to pinch your fingers between the stones. Fill in spaces with smaller stones.

3. Now leave it well alone. Watch to see if birds explore for bugs inside and spiders run over it.
