

# Find nature's colours

Set off on a flower hunt and find as many colours as you can.  
**Put a circle round each colour as you find it.**

## Keep a petal count

**Action**  
 Send us a picture of this page to show us what you've done.

**How many petals are there on the flowers you find?**  
 Count the petals on each flower on this chart and discover which number has the most petal power.
